### **ANNOUNCEMENT**

We are pleased to announce the commencement of a new postgraduate course titled "PROTECTED CULTIVATION – HYDROPONICS", which is bilaterally organized by the Agricultural University of Athens (AUA) and the Hellenic Open University (HOU). The language of the course is Greek.

The new postgraduate course is scheduled to commence on March 1, 2020 *via* distance learning according to the standards of HOU.

Eligible to enroll the postgraduate course are graduates of Agricultural sciences, Engineering, Life Sciences, and Technological Sciences.

Applications to the course can be submitted up to December 15, 2020.
