

EUROGRADUATE 2022 - 2nd Phase of the European Pilot Survey on Higher Education Graduates

The **EUROGRADUATE 2022** survey is a pilot survey of graduates in 17 European countries, which aims to lay the ground for a sustainable European-wide graduate survey. This is an exciting initiative to map the impact that experiences of European graduates during their time as students have had on their professional lives and their lives as European citizens. We want to know how happy the graduates are with their studies, how they sustained themselves, whether they travelled abroad and what they did after graduation. We will use the findings to compare different higher education systems in Europe and identify ways in which they can become better at preparing young people for the world of work and their role in society.

Participating Countries

Key Topics of EUROGRADUATE 2022

Who we are

National research teams in each of the participating countries conduct the survey. These teams are coordinated by the EUROGRADUATE consortium consisting of four partners with substantial expertise in higher education research:

INSTITUT FÜR HÖHERE STUDIEN
INSTITUTE FOR ADVANCED STUDIES
Vienna
