

# Workshop

*Aquaculture*

12 MAY 2025

ONLINE

Cage farming

Environmental  
considerations

Best practices

PROGRAMME

**10h00 - 10h30**

The BlueAquaEdu serious game

**11h00 - 11h30  
BREAK**

**12h00 - 13h00**

Site Selection and Preparation:  
Factors to Consider

**14h30 - 16h00**

Health Management: Disease  
Prevention and Treatment

**16h30 - 17h00**

Planning and  
Establishment Phase:  
Site Assessment and  
Infrastructure  
Development

**9h30 - 10h00**

Introduction to the BlueAquaEdu  
project

**10h30 - 11h00**

Introduction to Cage Farming:  
Overview and Importance

**11h30 - 12h00**

Key species in the Mediterranean  
Aquaculture

**13h00 - 13h30  
BREAK**

**13h30 - 14h30**

Feeding Practices: Strategies for  
Nutrient Optimization

**16h00 - 16h30**

Harvesting Techniques: Efficient  
and Safe Harvesting Methods

**17h00 - 17h30**

Environmental considerations by  
cage farming/Sustainable  
practices

The  
application  
is free
